## The Eastern Regional Organization for Public Administration

is an organization of states, groups and individuals in the general area of Asia and the Pacific. Founded in 1960, it is the first organization in the region to be devoted to the development of public administration for economic and social development.

### Our Vision

is to build a solid regional community promoting regional cooperation in improving government administration for sustainable economic and social development in the Asia-Pacific Region.

Since 1960, EROPA has been actively involved in regional conferences, seminars, training programs, special studies, surveys, research studies and publications in public administration. Today, EROPA has become a dynamic community of States, organizations and individuals active in promoting public administration and governance in the region.

## Regional Conferences

EROPA holds an annual regional conference as a venue for scholars and practitioners in the region to meet and share knowledge, systems and practices in public administration. Each year, a current and relevant theme is chosen as a topic for the conference.

## Asian Leadership Forum

The Asian Leadership Forum (ALF) is a platform for policy leaders in the Asia Pacific region to discuss important issues in Public Administration. It is a venue for ministers, vice-ministers, parliamentarians, governors, city mayors and other government officials to share their views on particular fields.

## Asian Review of Public Administration

The Asian Review of Public Administration (ARPA) is the flagship publication of EROPA. Journal articles in ARPA discuss important developments in public administration/public management with wide international relevance.

## EROPA Experts and Practitioners

EROPA Exp is an online database of Public Administration Experts and Practitioners from among its present and future members. The project envisions matching various expertise to the demand for specific knowledge and skills needed in local, national and international development efforts.
